EDUCATION

B.Tech in Computer Science Engineering	2023-2027	Delhi Technological University	CGPA: 7.84
CBSE (Class XII)	2022	Banyan Tree School	83.4%
CBSE (Class X)	2020	Banyan Tree School	95.2%

INTERSHIPS

Web Development Intern, USIP | Applied Physics Department, DTU September 2024 - Present
Built a responsive departmental web interface using HTML5 and CSS3, leveraging semantic markup, Flexbox/Grid, and media queries to achieve optimal performance across multiple devices and screen sizes. Structured and presented student and faculty datasets effectively, improving information accessibility, UI consistency, and overall user experience.

ACADEMIC PROJECT

Web Design Project: E-commerce Website (Amazon Clone)

- Architected an E-Commerce website using HTML, CSS, JavaScript.
- Built a responsive Amazon-like e-commerce site with user login, product listings, cart, and checkout features. Integrated admin panel for managing products and orders.

DBMS Project: Hotel Booking Management System

- Designed a Hotel Booking Management System using DBMS to handle reservations, customer data, room availability, and billing with efficient SQL queries and relational schema design.
- Application of MySQL.

Machine Learning Project

- Worked on a machine learning model to detect emotion from text, addressing a classification problem, involving data preprocessing, feature engineering, and model training. Applied algorithms to achieve accurate predictions and insights.

VeriTrust Project

- Developed an AI-powered document verification platform using Next.js, TypeScript, Python, and FastAPI to analyze uploaded files and detect potential tampering or AI-generated content.
- Implemented a backend analysis engine integrating LLM-based content inspection, metadata extraction, and anomaly detection to generate authenticity scores and structured reports.
- Built a responsive frontend with secure file upload and real-time analysis feedback, enabling efficient and user-friendly document authenticity assessment.

ACADEMIC ACHIEVEMENTS AND AWARDS

Selected among the top 15 teams from the college and qualified for the second round of SIH.

POSITIONS OF RESPONSIBILITY

Worked as Corporate Secretary of the Dance Society of DTU.

SKILLS AND RELEVANT COURSEWORK

- **Data Processing Skills:** SQL, MS Excel, MS PowerPoint
- **Coursework -** DSA, Operating Systems, OOPS, DBMS, Computer Networks, Blockchain, ML, Distributed Systems
- **Programming Languages:** C, C++, Java, Python (Pandas, NumPy, Matplotlib), JavaScript
- **Tools -** GitHub, Git, VS Code, MySQL
- **Soft Skills -** Communication, Teamwork, Leadership, Critical Thinking, Time Management
